# Table of contents

**Summary** **1**

**Zusammenfassung** **3**

**General introduction** **7**

**Chapter 1: Temporal scales of water level fluctuations in lakes and their ecological implications** **17**

Introduction 18

Materials and methods 19

Results 20

Discussion 25

Conclusions 32

**Chapter 2: The relative importance of wind and ship waves in the littoral zone of a large lake** **35**

Introduction 36

Materials and methods 37

Results and discussion 43

**Chapter 3: Wave-induced resuspension in the littoral zone of a large lake** **57**

Introduction 58

Materials and methods 59

Results 66

Discussion 73

Conclusions 75

**Chapter 4: Wave-induced variability of the underwater light climate in the littoral zone** **77**
Introduction 77
Materials and methods 78
Results and discussion 80
Conclusions 86

**Chapter 5: Wave field characteristics and currents in a wave mesocosm** **87**
Introduction 87
Materials and methods 88
Results 93
Discussion 96

**General discussion and perspectives** **99**

**References** **107**

**Acknowledgments** **121**

**Curriculum vitae** **123**

**List of publications** **125**

**Conference and workshop presentations** **127**
