Table of Contents

Content	Pages
List of Tables …….……..……..	vi
List of Figures …….……...	ix
Dedication ……...……...	xi
Acknowledgements ……..….	xii
Abbreviations, Acronyms, and signs used …… ……..	xiii
Publications …….…….…..	xv
Summary …….……..…….	xvi
Zusammenfassung……..…….	xix
Chapter 1 General Background	1
1.1 Plant genetic resources of Ethiopia ……..……....	1
1.2 Origin and phylogeny of wheat …….……..….	2
1.3 A microsatellite map of wheat …….……	3
1.4 Statement of the problem …….	5
Chapter 2 Multivariate analysis of quantitative traits variation in Ethiopian tetraploid wheats landraces	8
2.1 Abstract	8
2.2 Introduction	8
2.3 Materials and Methods	9
2.4 Results	12
2.5 Discussion	19
Chapter 3 Genetic variation and association of metric traits in Ethiopian tetraploid wheat germplasm …….……..… …	25
3.1 Abstract	25
3.2 Introduction	26
3.3 Materials and Methods	28
3.4 Results	29
3.5 Discussion	35
Chapter 4 Analysis of microsatellite diversity in Ethiopian tetraploid wheat landraces ……..……	40

4.1 Abstract 40
4.2 Introduction 40
4.3 Materials and Methods 41
4.4 Results 44
4.5 Discussion 50

Chapter 5 Regional patterns of microsatellite diversity in Ethiopian tetraploid wheat accessions 56
5.1 Abstract 56
5.2 Introduction 56
5.3 Materials and Methods 57
5.4 Results 58
5.5 Discussion 64

Chapter 6 Simple sequence repeats marker polymorphism in emmer wheat (*Triticum dicoccon* Schrank): Analysis of genetic diversity and differentiation 68
6.1 Abstract 68
6.2 Introduction 69
6.3 Materials and Methods 71
6.4 Results 73
6.5 Discussion 80

Chapter 7 Comparative analysis of diversity indices and genetic relationships based on agronomic traits and microsatellites in Ethiopian tetraploid wheats 85
7.1 Abstract 85
7.2 Introduction 85
7.3 Materials and Methods 87
7.4 Results 89
7.5 Discussion 96

Chapter 8 Diversity of Ethiopian tetraploid wheat germplasm: Breeding opportunities for improving grain yield potentials and quality traits 101
8.1 Abstract 101

8.2 Introduction 101
8.3 Materials and Methods 104
8.4 Results 104
8.5 Discussion 109

Chapter 9 Farmers Perception and genetic erosion of Ethiopian tetraploid wheat landraces……..……. 116
9.1 Abstract 116
9.2 Introduction 117
9.3 Materials and Methods 119
9.4 Results 121
9.5 Discussion 132
References …… ……..…… 138
Appendices ……..…….. 166
Curriculum Vitae ……..……..……. 176
