Contents

I	GENERAL INTRODUCTION	1
II	THEORETICAL BACKGROUND	4
1	Basic Knowledge on the Human Stress Response.....	4
1.1	The physiological stress reaction.....	5
1.1	The psychological stress reaction.....	8
2	Behavior among Others: Social Interaction.....	10
2.1	Social performance	10
2.2	Cognitive and emotional processes underlying social behavior	11
2.2.1	Neural correlates of empathy	12
2.2.2	Empathy and prosocial behavior	14
3	Stress and Social Behavior	14
3.1	The <i>tend-and-befriend</i> concept and its biological basis	15
3.2	Effects of stress on social behavior: Empirical findings	17
4	Social Anxiety Disorder	18
4.1	Brief history of social anxiety disorder	19
4.2	Epidemiology	21
4.3	Severeness and comorbidity	22
4.4	Etiology and psychobiology	22
4.4.1	Heritability and genetic influence.....	23
4.4.2	Neural correlates	24
4.4.3	Neurotransmitter systems	27
4.4.4	Interactional aspects.....	28
4.4.5	Attention & perception in SAD	29
4.5	Cognitive theories and models.....	30
4.6	Treatment of social anxiety disorder	32
4.6.1	Pharmacotherapy	32
4.6.2	Psychotherapy.....	34
4.6.3	Other approaches	35
4.7	Social performance in social anxiety disorder	35

4.8	Social cognition in social anxiety disorder.....	37
4.9	Stress in social anxiety disorder	38
5	Summary and Objectives of the Thesis.....	44
III	EMPIRICAL RESEARCH SECTION.....	45
6	Study Overview.....	45
6.1	Study design	45
6.2	Participants.....	45
6.3	Procedure	47
6.3.1	Stress induction.....	48
6.3.1	Additional psychometric measures	49
7	Empirical Chapter I: Stress Reaction in Social Anxiety Disorder....	50
7.1	Introduction.....	50
7.2	Methods.....	52
7.2.1	Study design and procedure	52
7.2.2	Participants	52
7.2.3	Stress induction.....	53
7.2.4	Statistical analysis	55
7.3	Results	55
7.3.1	Sample characteristics.....	55
7.3.2	Endocrine stress response.....	56
7.3.3	Cardiovascular stress response	57
7.3.4	Psychological stress response	59
7.4	Discussion	64
8	Empirical Chapter II: Effects of Acute Stress on Social Interaction Behavior in Social Anxiety Disorder.....	71
8.1	Introduction.....	71
8.2	Methods.....	74
8.2.1	Study design and procedure	74
8.2.2	Participants	74
8.2.3	Stress paradigm	75

8.2.4	Conversation paradigm	75
8.2.5	Social decision paradigm	77
8.2.6	Assessment of empathic abilities	78
8.2.7	Statistical analysis	79
8.3	Results	80
8.3.1	Manipulation check	80
8.3.2	Interrater reliability and behavior of the confederates	80
8.3.3	Empathy	81
8.3.4	Effects of stress on social interaction	82
8.3.5	Influence of empathy on social interaction behavior under stress.....	87
8.3.6	Self-assessment of social performance and self-focused attention	93
8.4	Discussion	95
IV	GENERAL DISCUSSION	109
9	Summary of the Results and Conclusion	109
9.1	Dissociated stress response in social anxiety disorder.....	109
9.2	Cognitive empathy buffers adverse effects of stress on social behavior in social anxiety disorder.....	110
10	Methodological Considerations and Limitations	112
11	Implications for Psychopathology and Treatment.....	114
12	Integrational Model of Stress-Related Behavior and Social Impairment	118
13	Remaining Questions and Future Goals	120
