

## CONTENT

|  |     |
|--|-----|
| Preface .....  | 1   |
| Erosion control in agricultural production systems in Brazil<br><i>(A.G. de Andrade, J.F. Stuchi)</i> .....  | 2   |
| Water erosion in Morocco<br><i>(A. Dahchour, S. El Hajjaji)</i> .....  | 17  |
| Hydrogeochemical nitrogenous behaviour in an Andean agricultural basin<br><i>(A. Berbesí-Jaimes, M. Casamitjana-Causa, J.C. Loaiza-Usuga, S. Cardona-Gallo, G.A. Correa-Londoño)</i> .....   | 27  |
| Monthly and seasonally crop water stresses distributions over the Nile Delta using remote sensing techniques<br><i>(A. Elnmer)</i> .....   | 41  |
| DPSIR Framework assessment of land degradation by water erosion in Kenya: A review<br><i>(E. Kipkirui)</i> .....   | 54  |
| Morphodynamical changes in Magdalena River delta (Colombia) and its influence on riverine populations<br><i>(F.J. Gomez, R.R. Gutierrez, J. Biswell, R. Doria, G. Rivillas-Ospina)</i> ..... | 63  |
| The use of humic substances to reduce soil erodibility<br><i>(G. Portillo, J. Araruna, E. Brocchi)</i> .....   | 78  |
| Potentiality of radical terracing, a prevalent water erosion control strategy in Rwanda<br><i>(I.J.P. Bavumiragira)</i> .....  | 88  |
| Soil and water losses in an acrisol under natural rainfall in different management systems at South of Brazil<br><i>(L.d.S.C. Lima, C.A.P. de Barros, E.A. Cassol, L. Dambros)</i> .....     | 101 |
| Identifying surface runoff using NRCS-CN model at the arid region Nile Delta - Egypt<br><i>(M. Abu-hashim, E. Mohamed, A. Belal)</i> .....   | 115 |
| Fish feed composition and animal manure application as factors in the impairment of aquaculture pond water quality - a pilot study<br><i>(A.O. Adekanmbi)</i> .....                          | 127 |
| Hydroponic as one of water conservation techniques in Jordan context<br><i>(A. Alulayyan)</i> .....  | 133 |
| Removal study of a contaminant of emerging concern, hydroquinone from wastewater by adsorption process on activated carbon<br><i>(D. Houndedjihou, E. Vunain, T. Kodom)</i> .....            | 141 |

|  |     |
|--|-----|
| A study on farmers' perception of impacts of farm wastes on soil and water quality:<br>A case study of Oyo State, Nigeria<br>( <i>I.O. Kunlere, P.A. Ogar, A.S. Kunlere, A.A. Mumuni</i> ) .....   | 158 |
| Effects of Paracetamol on seed germination and root elongation of<br><i>Lycopersicon esculentum</i> and <i>Lactuca sativa</i><br>( <i>J.W.F. Ferreira, J.C.M. Nascimento, J.L. Costa, D.C. Napoleão, K.K. Barros</i> ) .....   | 176 |
| Assessment of a wastewater treatment plant performance and suitability of treated<br>water for irrigation purpose in Adjougba area: Case of the brewery BB Lome<br>( <i>L. Tampo, A.R. Bouari, G. Boguido, N. Gnofam, M. Ayah, L.M. Bawa,<br/>G. Djaneye-Boundjou</i> ) .....                                      | 188 |
| Production of forage cactus fertilized and irrigated with reuse water<br>in the Sertão of Crateús, Brazil<br>( <i>M.R.G.F. Costa, J.B.d.O. Neto, J.L.V. Neto, G.D. Freitas</i> ) .....   | 205 |
| Evaluation of fly ash pellets for phosphorus removal in a laboratory scale<br>denitrifying bioreactor<br>( <i>S. Li, X. Huang, J. Liu, L. Lu, K. Peng, R. Bhattarai</i> ) .....  | 212 |
| Wastewater reuse in irrigated agriculture<br>( <i>S. El Hajjaji, J. Mabrouki, C. Bakkouche, A. Dahchour</i> ) .....  | 223 |
| Characterization of effluents from fecal sludge treatment plant in Cameroon<br>and assessment of their potential use for agricultural irrigation<br>( <i>L.S.T. Tchianzeu, W.A.L. Nzouebet, C. Wanda, V.G.D. Wafo, E.S. Kengne, G. Liégui,<br/>J.P. Noutadié, A.P. Agendia, W.K. Arnold, I.M.K. Noumsi</i> ) ..... | 236 |
| Implementation of treated wastewater and bio-solids generated from WWTP<br>on the plantation of fodder at marginal areas at Al-Karak, South Jordan<br>( <i>T. El-Hasan, H. Hamaidah, S. Al-Jbour, N.B. Hani, F. Ismail, Y. Shakhathreh, D. Al Majali</i> )   | 244 |
| Engaging, enabling and empowering Bangladeshi youth on climate change projects<br>through facebook usage to ensure sustainable development<br>( <i>Md.A. Razzak, Md.S. Islam, J. Jiang</i> ) .....   | 255 |
| Impacts of water crises on agriculture sector and governance challenges in Pakistan<br>( <i>M. Mumtaz, J.A. Puppim de Oliveira</i> ) .....   | 268 |
| Ecosystem services of a seasonally dry tropical forest in semi-arid region of Brazil<br>( <i>R. Souza, B.R. Reverter, J.R.d.S. Lima, A. Coutinho, A.C.D. Antonino, E.S. de Souza</i> ) .....   | 280 |
