

CONTENT

Preface	1
Water resources in Morocco as impacted by climate change (<i>A. Dahchour, S. El Hajjaji</i>)	2
Impacts of climate change on Mouhoun river in Burkina Faso: quantitative and qualitative aspects (<i>Y. Sanou, S. Pare</i>)	12
Climate adaptation governance for agriculture sector: evidences from Pakistan (<i>M. Mumtaz, A. Roua</i>)	23
Climatic change and life cycle assessment of water and wastewater treatment systems: Case of Morocco (<i>N. Labjar, S. El Hajjaji</i>)	34
Comparative study of wastewater treatment techniques for adaptation to climate change (<i>S. El Hajjaji, C. Bakkouche, S. Kherraf, J. Mabrouki, N. Labjar, A. Dahchour</i>)	43
A decision making model based on ensemble flood forecasts (<i>L. Goodarzi, M.E. Banihabib, A. Roozbahani</i>)	56
Bias correction of regional climate model simulations of temperature in Egypt (<i>T.A. Gado, M.B. Mohameden, I.M.H. Rashwan</i>)	66
Responses and strategic climate actions recommended in Tunisia (<i>C. Fersj, B. Mahjoub</i>)	81
Water management and climate change mitigation strategies along Iran's Lake Urmia Basin (<i>I.O. Kunlere, L. Goodarzi, A.S. Kunlere, A.A. Mumuni, O. Atilola</i>)	94
Climate change mitigation measures in Jordan by sustaining the soil productivity under water stress conditions by using microbes: preliminary results (<i>T. El-Hasan, K. Khlifat, A. Sprocati, C. Alis, G. de Giudici, D. Al-Majali</i>)	115
Ecological wastewater treatment station for sustainable development in Moroccan villages (<i>J. Mabrouki, K. Azoulay, I. Bencheikh, A.Moufti, A. Dahchour, S. El Hajjaji</i>)	126
Pesticide wastes management as a strategy for climate change mitigation in Morocco (<i>A. Hormatallah</i>)	134
Contribution to a pre-feasibility study of a constructed wetland system for the treatment of the Hamdoun River water, Tunisia (<i>E. Domscheit</i>)	146

Boron removal from wastewater of concentrator and boric acid production (<i>H.I. Uzun, E. Debik</i>)	164
Flood Analysis of Damladag River (<i>S.Y. Kumcu, M.E. Aydin</i>)	176
Industrial effluent outfall in coastal region and its impacts on climate change (<i>H. Soussa</i>)	182
Impacts of drought and drought management strategies in Turkey (<i>M.E. Aydin, F. Beduk, S. Aydin</i>)	194
Agricultural production and food security in MENA countries under changing climate and water scarcity (<i>I.E. Karadirek, E. Ertepe, B. Topkaya</i>)	201
Groundwater management in Moghra Region considering climate change impacts (<i>E. Sayed, P. Riad, S. Elbeih, M. Hagrass, A.A. Hassan</i>)	209
Hydrogeophysical, hydrogeochemical and environmental assessment of the groundwater Inal-Abyad phosphate area (<i>S.S. Ramadian, Z. El-Isa, O. Rimawi</i>)	222
