List of Figures xvi

List of Tables xvii

List of Symbols xix

1 Introduction 1
- 1.1 Problem Definition and Objectives of This Work . . . 1
- 1.2 Course of Investigation . . . 4

2 Structure and Market of CAT Bonds 6
- 2.1 The Structure of CAT Bonds . . . 6
- 2.2 Development and Properties of the CAT Bond Market . . . 8

3 Risk Transfer beyond Reinsurance – the Added Value of CAT Bonds 16
- 3.1 Motivation . . . 16
- 3.2 Literature Review and Hypotheses . . . 20
  - 3.2.1 Literature Review . . . 20
  - 3.2.2 Hypotheses . . . 23
- 3.3 Data . . . 26
  - 3.3.1 Sample Selection . . . 26
  - 3.3.2 Variables . . . 27
    - 3.3.2.1 Dependent Variable . . . 27
    - 3.3.2.2 Main Explanatory Variables . . . 28
    - 3.3.2.3 Control Variables . . . 32
  - 3.3.3 Descriptive Statistics . . . 36
- 3.4 Empirical Results . . . 40
  - 3.4.1 Baseline Model . . . 40
  - 3.4.2 Effect of Risk Layer . . . 43
  - 3.4.3 Effect of Reinsurer Default Risk . . . 44
  - 3.4.4 Effect of Basis Risk . . . 45

3.4.5 Effect of Asymmetric Information . . . 46
3.4.6 Robustness Checks . . . 49
3.4.6.1 EL . . . 49
3.4.6.2 Risk Layer Definition . . . 51
3.4.6.3 Basis Risk Definition . . . 51
3.5 Interim Result . . . 53

4 Hard Markets, Hard Times: On the Inefficiency of the CAT Bond Market 55
4.1 Motivation . . . 55
4.2 Hypotheses . . . 60
4.3 Data . . . 64
4.3.1 Sample Selection . . . 64
4.3.2 Variables . . . 65
4.3.2.1 Sponsor-Specific Variables . . . 65
4.3.2.2 Macroeconomic Variables . . . 66
4.3.2.3 Bond-Specific Variables . . . 67
4.3.3 Descriptive Statistics . . . 68
4.4 Empirical Results . . . 72
4.4.1 Model Framework . . . 72
4.4.2 Seasonality of CAT Bond Premiums . . . 73
4.4.3 Analysis of Sponsor-specific Variables . . . 76
4.4.4 Analysis of Non-Indemnity CAT Bonds . . . 79
4.4.5 Heterogeneity Tests . . . 82
4.4.6 Supplementary Results . . . 84
4.4.6.1 Innovative CAT Bond Issues . . . 84
4.4.6.2 Modification of Sponsor Rating Variable . . . 85
4.4.6.3 Benchmark Model . . . 88
4.4.6.4 Modification of Market Coverage Variable . . . 89
4.4.6.5 Analysis of Market Events . . . 91
4.5 Interim Result . . . 92

5 Risk Transfer and Moral Hazard: An Examination on the CAT Bond Market 94
5.1 Motivation . . . 94
5.2 Moral Hazard: Measurement and Hypotheses . . . 99
5.2.1 A Measure for Moral Hazard . . . 99
5.2.2 Hypotheses . . . 101
5.3 Data . . . 105
5.3.1 Sample Selection . . . 105

5.3.2 Variables . . . 106
5.3.2.1 CAT Bond-Specific Variables . . . 107
5.3.2.2 Control Variables . . . 108
5.3.3 Descriptive Statistics . . . 112
5.4 Empirical Results . . . 114
5.4.1 Benchmark Analysis . . . 115
5.4.2 Analysis of Horizontal and Vertical Loss Retention . . . 118
5.4.3 Subsample Analysis: CAT Bond Sponsors . . . 121
5.4.4 Robustness Checks . . . 123
5.4.4.1 Company Size . . . 123
5.4.4.2 Surviving Companies . . . 125
5.4.4.3 Level of Expenses . . . 126
5.4.4.4 Nearest Neighbor Matching . . . 127
5.4.5 Supplementary Results . . . 131
5.4.5.1 Modification of log-transformed Variables . . . 131
5.4.5.2 Sample Selection Approach . . . 133
5.4.5.3 Comparison of State and State-Line Level Results . . . 135
5.4.5.4 Return on Equity . . . 140
5.4.5.5 Loss Ratio . . . 141
5.4.5.6 Sample Splits Based on Company Characteristics . . . 144
5.5 Interim Result . . . 146

6 Conclusion **148**

Bibliography **155**
