Table of Contents

Content		Pages
List of tables……		VII
List of Figures……		IX
Abbreviations, Acronyms, and Signs……		XI
Dedication……		XII
Acknowledgement……		XIII
Abstract……		1
Zusammenfassung……		2
Chapter 1	Introduction……	4
1.1	The focus of this study……..	6
1.2	Effects of gardening in schools……	6
1.3	Implementing effective practices for school gardening……	7
1.4	The need for this study……..	8
1.5	The main research objectives……..	10
1.6	The study assumption……...	10
Chapter 2	Literature review……	12
2.1	Origin of gardening……	12
2.2	The development of school gardening s in Germany……..	14
2.3	The development of school gardening in Nigeria…….	16
2.4	The development of school gardening in the U.S…….	19
2.5	Gardening for health……..	22
2.6	Cultivating the mind……...	23
2.7	Schools as part of the community……...	24
2.8	The effects of gardening on female students……	25
2.9	The role of agricultural institutions in gardening promotion……	26
2.10	Empowering institutions……	27

2.11	The connection between human and outdoor farming…….	28
2.12	Cultivating sustainable agriculture……..	29
2.13	Educational theory and gardening……..	29
2.14	School gardening challenges in Food Security……..	31
Chapter 3	Research Methodology…….	33
3.1	Introduction…….	33
3.2	Population sample groups……	33
3.3	Instruments…….	35
3.4	Quantitative component……	36
3.5	Data analysis……..	38
Chapter 4	Findings:…….	40
4.1	Objective 1……..	41
4.1.1	The location of the school gardening projects: Students' responses……	43
4.1.2	The location of school gardening projects: Teachers' responses..	45
4.1.3	Reasons for having a garden in school……..	48
4.1.4	Gardening impact in learning……...	51
4.1.5	Teachers and students perceptions on gardening practices……..	53
4.1.6	Students' perception of gardening practices…….	54
4.1.7	Students' motivation and participation in gardening activities……	56
4.1.8	Teachers teaching experience…….	58
4.1.9	Teachers view of students' commitment in gardening projects…..	59
4.1.10	Availability of land for gardening……..	62
4.1.11	The school gardening size……	62
4.1.12	The rate of gardening participation per semester……...	66
4.1.13	The evaluation of teachers gardening instruction…….	67
4.1.14	The assessment of garden planning methods……..	69

4.2	Objective 2……..	72
4.2.1	School schedule for science programs……..	73
4.2.2	Systemic approaches in gardening development…….	77
4.2.3	Types of garden design…….	78
4.2.4	Pre-requisite for garden projects…….	82
4.2.5	The use of gardens to enhance other academic subjects……...	83
4.2.6	Accessibility of gardening projects in schools……...	85
4.2.7	Impact of water in the promotion of gardening programs……	87
4.2.8	An evaluation of planning methods, seed germination, sales, planting materials and pest and diseases control…….	89
4.2.9	The role of teachers in school project development.……	96
4.2.10	Methods of teaching gardening by country……	100
4.3	Objective 3……..	107
4.3.1	The effects of teachers-students' interactions in gardening……	108
4.3.2	The route success of gardening improvement……..	111
4.3.3	Gardening as source of physical development…….	114
4.3.4	Teachers perceptions on students' behavior…….	115
4.3.5	Gardening as a tool to teach life skills…….	119
4.4	Objective 4……..	121
4.4.1	The assessment of teachers view on community & parents' involvement in gardening projects……..	123
4.4.2	Schools and community members' interraction……	128
4.4.3	The potential roles of community members participation in school gardening projects…….	132
4.4.4	The view of students on parents' roles……...	135
4.4.5	Comparison of parents commitment to school garden…..…….	139
4.4.6	The correlation between community and parents…….	141
4.4.7	Government participation: Teachers perception……...	142

4.4.8 The role of government in school programs: Students' perception 145

4.4.9 The role of non-governmental organizations: Teachers perception…… 149

4.4.10 Gardening knowledge transfer model…… 149

4.4.11 The effects of donors in school gardening programs……... 151

4.4.12 Schools as developmental tools for community…… 155

4.5 Objective 5…….. 155

4.5.1 Principals as the tools for school reformation…… 156

4.5.2 Linking environment with gardening…… 159

4.5.3 Gardening as a model for development…… 160

4.5.4 Strategies to increase gardening projects…… 164

4.5.5 Impacts of gardening project management…… 165

Chapter 5

5.1 Implications of the school gardens……. 167

5.2 Limitations…….. 168

5.3 Major impediments of gardening…… 169

5.4 Study constraints…….. 169

5.5 Strengths in gardening……. 170

5.5.1 The key strengths in gardening activities…….. 171

5.6 Discussions…… 171

5.6.1 Copmparison of school gardening in Germany, Nigeria and the U.S…… 176

5.7 Conclusions…….. 178

5.8 Recommendations…… 179
