

Matthias Kühle-Weidemeier (Herausgeber)
EU Waste Management 2010

*European waste management in the view of the waste framework
directive*

Matthias Kühle-Weidemeier (ed.)

**EU Waste Management
2010**

**European waste management in the view of the
waste framework directive**

Proceedings

Cologne, 8th – 9th of June 2010

Organiser
wasteconsult
INTERNATIONAL

Gold Sponsor
ECOENERGY
Environment & Energy

Content

I Introduction and overview

- Address of welcome; Reduce; re-use; recycle – a global necessity.** 1
Kühle-Weidemeier, M.
- Future is not an extrapolation of the past (CK Prahalad) – On the way to a global resource management.** 15
Birnstengel, B., Alwast, H., Haeusler, A.
- The new waste framework directive and next steps in EU waste policy.** 26
A. Versmann

II Current situation and implementation of the waste framework directive

- Germany.** 38
Jaron, A.
- Belgium.** 45
Wante, J.
- Greece confronted with the new waste framework directive.** 54
Karagiannidis, A.
- Waste Management in Romania: Past and present.** 61
Rada, E. C., Apostol, T., Ragazzi, M., Istrate, I. A.
- Endeavours of Poland to reach a high standard of municipal waste management** 279
Rybczewska-Blazejowska, M.

III Avoidance and waste management concepts

- Waste Producers' Duty of Care under European Community Law** 73
Mott, R. M..
- Optimization model of integrated MSW management.** 86
Nondek, L.
- Evolution and optimization of a residential source separation scheme in a 15 year history: Quality and efficiency in the North Italian experience.** 98
Garaffa, C., Mariotto, L., Moriando, A., Roverato, C.

Municipal waste management in Zagreb; Vienna or Neapel model? <i>Potocnik, V.</i>	110
---	-----

Strategy and implementation plan for Integrated Solid Waste Management in Tehran. <i>Amir, S., Harati, N.</i>	122
---	-----

IV Management of special waste flows

Hazardous waste classification and re-use (end of waste) by the new waste framework directive, CLP and REACH regulations. <i>Malicka, M.</i>	130
--	-----

Improvement of hazardous waste management in Turkey through introduction of a web-based system for data collection and quality control. <i>Küchen, V., N.N.</i>	138
---	-----

DIRECT-MAT – Developing best practise on recycling of safe disposal of road materials in Europe. <i>Mollenhauer, K., Arm, M., Descantes, Y., de la Roche, C., Pihl, K. A., Gaspar, L., de Lurdes Antunes, M., De Bock, L., McNally, C.</i>	151
--	-----

Legal requirements and practise of the transport of healthcare waste within the European Union. <i>Brück, K., Ramalho, P.</i>	162
---	-----

V Recovery of plastics and other types of high calorific waste

Plastic flows from production to (optimized) recovery. <i>Fehringer, R.</i>	171
---	-----

Evaluation of system costs for the use of plastics with regard to disposal costs. <i>Schu, R.</i>	180
---	-----

North London Waste Authority – Waste Services & Fuel Use Procurement. <i>Ling, E., Judson, T.</i>	194
---	-----

Formula for energy efficiency – meaning and application. <i>Hauer, W.</i>	209
---	-----

VI Increasing energy efficiency in waste to energy processes

Increasing energy efficiency: A plant manufactures view. <i>Maciejewski, M.</i>	216
---	-----

Achieving a high energy efficiency at the EBS power plant Stavenhagen. <i>Plepla, K.-H.</i>	227
---	-----

VII Material specific waste treatment

French national household waste characterisation survey. <i>Fangeat, E.</i>	243
---	-----

Sensor based sorting: A key technology for sustainable waste management. <i>Pretz, T.</i>	250
---	-----

Comparison of methods for the treatment of mixed municipal waste from households. <i>Mitterwallner, J., Himmel, W.</i>	259
--	-----

Pre-processing of municipal solid waste before anaerobic digestion – CAPEX and OPEX as model calculation. <i>Langen, M.</i>	271
---	-----

Note

The proceedings were arranged by Wasteconsult international Dr. Kuehle-Weidemeier with high accuracy. Nevertheless, errors cannot be fully excluded. Wasteconsult and the editors are not liable or responsible for the correctness of the information in this book. The authors take responsibility for their content.

If a brand or trade name was used, there might be trademark rights valid, even if they were not explicitly stated.

The proceedings contain complicated technical terms. Wasteconsult does not take any liability for the correctness of the translation. Please check the plausibility of the content you are reading.
