## Contents

Acknowledgements .....	7
Summary .....	9
General Introduction .....	11
References.....	12
Influence of Soil and Topographic Variables on Vegetation Composition and Community Types in Semi-arid Rangeland in Western Iran .....	14
Abstract.....	14
Introduction .....	14
Material and methods.....	16
Study sites.....	16
Measurements.....	17
Measured variables .....	18
Soil and topographic parameters.....	19
Data analysis.....	19
Results .....	20
Influence of explanatory variables on species composition, vegetation attributes and species richness .....	21
Plant community classification.....	24
Discussion.....	28
Relative importance of explanatory variables for species composition, species richness, and vegetation attributes .....	28
Relative importance of explanatory variables and vegetation attributes for community types and catchments .....	29
Conclusion .....	31
References.....	31
Influence of Grazing Intensity and Environmental Variables on Palatability of Herbage in Semi-arid Rangeland in Western Iran .....	35
Abstract.....	35
Introduction .....	35
Material and Methods.....	36
Study sites.....	36
Data collection:.....	37
Vegetation .....	38
Soil parameters .....	39
Topographic characteristics.....	40
Data analysis.....	40
Results .....	41
Characterizations of grazing areas .....	41
Palatability .....	43
Grazing, environmental condition, and species composition .....	44
Discussion.....	47
Conclusion .....	49
References.....	49
Range Condition in Relation to Environmental Variables, Grazing Intensity and Livestock Owners' Perceptions in Semi-arid Rangeland in Western Iran .....	53
Abstract.....	53
Introduction .....	54
Material and methods.....	55
Study sites.....	55

Chapter 1

- Range condition score..... 56
- Further analysis ..... 57
- Questionnaire design..... 58
- Data analysis ..... 58
- Results ..... 59
  - I. Range condition ..... 59
  - II. Survey ..... 62
- Discussion..... 66
  - Relationship between soil and topographic variables and range condition..... 66
  - Grazing intensity and range condition ..... 67
  - Livestock owners' perception ..... 68
- Conclusion ..... 70
- References..... 71
- General discussion ..... 73
  - References..... 75
- Appendices..... 77
