## TABLE OF CONTENTS

Acknowledgements .....	II
Abstract .....	III
Tables.....	VIII
Figures.....	IX
1 Introduction .....	1
2 Neuropeptides and behavior .....	3
2.1 Oxytocin and behavior .....	7
2.1.1 Oxytocin and behavior in animals .....	7
2.1.2 Oxytocin and behavior in humans.....	9
2.2 Vasopressin and behavior .....	11
2.2.1 Vasopressin and behavior in animals .....	11
2.2.2 Vasopressin and behavior in humans .....	13
2.3 The ying and yang: Interactions of oxytocin and vasopressin.....	15
3 Stress .....	18
3.1 The psychological stress reaction.....	20
3.2 The biological stress reaction .....	22
3.2.1 The hypothalamic-pituitary-adrenal (HPA) axis.....	22
3.2.2 The sympathetic-adrenal-medullary (SAM) system .....	23
4 From health to mental illness: A continuum of social behavior .....	27
4.1 Psychobiology of pro-social interaction and social support.....	27
4.2 Psychobiology of social phobia.....	30
4.2.1 Diagnostic criteria, comorbidity, etiology and epidemiology .....	30
4.2.2 Neurobiology of social phobia .....	33
4.2.3 Cognitive theories and treatment of social phobia .....	37
5 Integration: Neuropeptidergic modulation on the continuum of social behavior .....	41
6 Empirical study I: Vasopressin enhances altruistic punishment in humans ...	44

6.1	Introduction .....	44
6.2	Methods .....	47
6.2.1	Participants .....	47
6.2.2	Procedure .....	48
6.2.3	Social interaction: altruistic punishment .....	49
6.2.4	Psychological measures .....	50
6.2.5	Physiological measures and laboratory analysis.....	51
6.2.6	Substance administration.....	51
6.2.7	Data analysis .....	51
6.3	Results.....	53
6.4	Discussion .....	59
7	Empirical study II: Oxytocin and social support buffer the psychobiological stress response in social phobia.....	63
7.1	Introduction .....	63
7.2	Methods .....	64
7.2.1	Participants .....	64
7.2.2	Procedure .....	65
7.2.3	Psychological measures .....	67
7.2.4	Physiological measures and laboratory analysis.....	67
7.2.5	Substance administration.....	68
7.2.6	Data analysis .....	68
7.3	Results.....	70
7.3.1	Sample characteristics.....	70
7.3.2	Endocrine response to stress.....	72
7.3.3	Autonomic response to stress.....	77
7.3.4	Psychological responses to stress .....	79
7.4	Discussion .....	92
8	General Discussion.....	100
8.1	Study I: Summary, methodological considerations and limitations .....	100
8.2	Study II: Summary, methodological considerations and limitations .....	103

8.3	Neuropeptidergic modulation of social behavior, aggression, anxiety and stress .....	108
	References .....	113
