AKNOWLEDGMENTS	i
ABSTRACT	ii
DEUTSCHE KURZFASSUNG	iii
TABLE OF CONTENTS	v
LIST OF FIGURES	viii
LIST OF TABLES	x
ACRONYMS AND ABBREVIATIONS	xi
1 INTRODUCTION	1
1.1 Research Background	1
1.2 Problem Statement and Motivation	7
1.3 Research Objectives and Questions	7
1.4 Organization of Dissertation	8
2 OVERVIEW OF INDONESIAN ECONOMY AND RESEARCH DESIGN	10
2.1 Introduction	10
2.2 The Profile of Indonesian Economy	11
2.3 Structural Transformation of the Economy	16
2.4 Indonesian Economic Growth	21
2.5 Research Design	27
3 LITERATURE REVIEW	28
3.1 Introduction	28
3.2 Conceptual Framework	28
3.3 Research gaps and contribution of this study	40
4 THEORITICAL FRAMEWORK	41
4.1 Introduction	41
4.2 Economic Growth and Technical Change	42

4.3	Malmquist Index	45
	4.3.1 DEA-like Method	51
	4.3.2 Stochastic Frontier Method	54
4.4	Economic Growth, Productivity, and Foreign Direct Investment (FDI)	57
4.5	Summary	62
5	THE CHANGE OF OUTPUT, CAPITAL, LABOR, ENERGY AND FDI OVERTIME	63
5.1	Introduction	63
5.2	The Change in Output	65
	5.2.1 The Structure of Indonesian Economy	69
	5.2.2 The Economic Growth by the Use Component	73
	5.2.3 Undesirable Outputs	80
5.3	The Change in Capital, Labor, and Energy	83
5.4	Foreign Direct Investment (FDI)	91
5.5	Conclusions	100
6	THE ANALYSIS OF THE CONTRIBUTION OF TECHNICAL CHANGE ON INDONESIAN ECONOMIC GROWTH	102
6.1	Introduction	102
6.2	Empirical Model	105
6.3	The Data	109
6.4	Results and Discussions	111
6.5	Conclusions and Policy Implications	127
7	THE GOVERNMENT POLICIES TOWARD FACILITATING TECHNICAL CHANGE & ECONOMIC GROWTH	129
7.1	Introduction	129
7.2	Indonesian Government Policies and Regulations	131
7.3	The Analysis of the Government Policies on Technical Change and Economic Growth	144

7.4	Conclusions	147
8	CONCLUSIONS, POLICY IMPLICATIONS, STUDY LIMITATIONS AND FUTURE RESEARCH AGENDA	149
8.1	Introduction	149
8.2	Summary and Conclusions	150
8.3	Policy Implications	152
8.4	Study Limitations and Future Research Agenda	153
