Acknowledgements .....	V
Abstract .....	VI
Summary of Contents.....	VII
Table of Contents.....	VIII
<b>I. THE ECONOMICS OF TECHNICAL CHANGE AND WERNER SOMBART .....</b>	<b>1</b>
<b>1 Introduction .....</b>	<b>3</b>
1.1 Technology and Innovation in Economics .....	5
1.2 Werner Sombart as Social Scientist, Historian, and Philosopher .....	9
1.3 Sombart and the Relation between Society and Technology.....	13
1.4 Scientific, Economic, and Technical Change.....	17
<b>2 Definitions, Theses and the Structure of this Treatise .....</b>	<b>21</b>
2.1 Epistemological Terminology .....	22
2.1.1 From Hypotheses or Models to Theories (Theoretics) -----	24
2.1.2 Systems in Science and in Life ('Systematics') -----	26
2.1.3 Formal and Material Methods (Methodics)-----	28
2.2 Ideals, Value Judgments, Practice (Ethics in Science).....	30
2.3 German Epistemology as Background .....	33
2.4 Further Terminological Remarks .....	35
2.4.1 The Science of Technology and its Objects-----	35
2.4.2 'Economical' Referring to both the Economy and Economics -----	36
2.4.3 Subdisciplines, Inter-Disciplines and their Objects -----	36
2.4.4 Concepts, Ideas, Ideals, and Ideologies -----	37
2.5 Technical as Part of Economic Change .....	38
2.6 On the Purpose and Scope of Technology from the Standpoint of Economics .....	39
2.7 Induced Technology .....	41
2.8 The Relation Between Economic Change and Technologic Change .....	42
2.9 The Exposition.....	44
2.10 Some Theses to Guide the Investigation .....	47

<b>3 The Notion and some Histories of the Economics of Technical Change .....</b>	<b>49</b>
3.1 The Name of the Discipline Studying Technology from the Standpoint of Economics .....	51
3.2 The Importance of Technical Change for Economics.....	52
3.3 Induced Innovation as a Key Concept.....	55
3.4 Diverging Histories of the Economics of Technical Change.....	57
3.4.1 Authors of the History of the Economics of Technical Change-----	59
3.4.2 Divergence in the History of the economics of technical change-----	62
3.4.3 Measuring Divergence in the Economics of TC Histories -----	63
Table on the History of the Economics of Technical Change -----	64
3.5 On Theorizing in the History of the Sciences and in Technology .....	72
3.5.1 Divergence for Lack of Divergency: Explaining the Histories of the Economics of Technical Change -----	73
3.5.2 The Economics of Technical Change in <i>statu nascendi</i> -----	74
3.6 Historiographical Tâtonnement toward the Economics of Technical Change.....	76
3.7 Biology of Technical Change Instead of Economics of Technical Change? .....	80
3.8 Pure vs. Applied Disciplines: Economics and Natural Science vs. Business Administration and Technology? .....	81
<b>II. PRE-20<sup>th</sup> CENTURY THOUGHTS ON SOCIETY AND TECHNOLOGY .....</b>	<b>85</b>
<b>4 On the Philosophy and Politics of Technical Change — From Aristotle to Adam Smith.....</b>	<b>87</b>
4.1 In Search of the Origins of the Economics of Technical Change .....	87
4.1.1 Periodizing mediates between source and flow-----	87
4.1.2 Theory vs. History Corresponds to Revolution vs. Continuity-----	89
4.1.3 Human Beings are Both the Subjects and Objects of History-----	90
4.2 Aristotle's Anticipation of the Emancipatory Effects of Technology .....	91
4.3 Mercantilism's Ambiguous Attitudes toward Machinery .....	92
4.3.1 The Political Inducement of Industry (Colbert) -----	93
4.3.2 Practical Success was more Important than Truth -----	94
4.4 Technology in Cameralism and Emerging Political Economy .....	95

4.4.1 Cameral Science as Public Including Economic Administration -----	96
4.4.2 Technological Unemployment and Governmental Intervention -----	97
4.4.3 Beckmann as Creator of Technology and Economics -----	98
4.4.4 Historians and Philosophers of Technology on J. Beckmann-----	100
4.4.5 Should General Technology be Part of Economics? -----	102
4.5 Why Classical Economics Packed Technical Change Inside a Black Box .....	104
4.5.1 Political Economy as the Science of the Wealth of Nations -----	105
4.5.2 Inducement of Technical Change as Excuse for Passing over its Specifics-----	106
4.5.3 The Neglect of R&D Financing or <i>Machina ex Deo</i> -----	109
4.5.4 The Invisible Hand Renders the Economics of Technical Change Superfluous-----	112
4.5.5 Relative Factor Productivity as Distributional, not Productive Problem-----	114
<b>5 Machinery and Redundant Population (Ricardo,     Malthus) .....</b>	<b>119</b>
5.1 The Impact of Technical Change on Welfare.....	119
5.2 Realists and Dreamers with Regard to Mass Poverty .....	120
5.3 Machines as the Second Worst for Wages .....	121
5.4 Machinery Tapping the Wage-Fund .....	123
5.5 Capital as Accumulated Labor .....	125
5.6 International Competition as Technological Race.....	126
5.7 Machinery Calls for New Principles of Political Economy.....	130
<b>6 Automated Machinery and the Labor Theory of     Value (Marx) .....</b>	<b>133</b>
6.1 A "Critical History of Technology" as Basis.....	134
6.2 Marx's Problems as Fruitful Questions .....	137
6.3 From Hegel to Marx <i>via</i> Technical Change .....	139
6.4 Dialectical or Historical Materialism as Justification to Look Inside the Black Box.....	142
6.5 Technological (Material) or Economic (Social) Determinism? .....	143
6.6 The Role of Science in Transforming Manu- into 'Machino- facture' .....	146
6.7 Historical and Analytical Research into Inducement.....	147
6.8 'Machino-facture' and the Labor Theory of Value .....	150
6.9 From Labor Value to Human Capital Theory .....	154
6.10 Compensation of Technological Unemployment?.....	157

6.11 From One-Sided Value to Market Price Theories.....	160
Table to Clarify Economic Terms.....	162
<b>III. TECHNICAL CHANGE AS PART OF THE CAPITALISTIC PROCESS (SOMBART).....</b>	<b>167</b>
<b>7 The Place of Technology in Sombart's Work and System .....</b>	<b>169</b>
7.1 Marx and Sombart .....	171
7.2 Sombart Prefers the History of the Object to that of the Subject .....	176
7.3 'Techny' and Economy: the Early Sombart.....	179
7.4 'Techny' and Culture: the Mature Sombart.....	182
7.5 Taming Technology: the Late Sombart .....	187
<b>8 Sombart's History of Technology: from the Autonomous Tinkerer to Automated Technical Change .....</b>	<b>191</b>
8.1 The Inventor's Urge to Find Out as the Source of 'Techny' from Renaissance to Baroque (Early Capitalism) .....	194
8.2 From Empirical and Rational 'techny' to Scientific Technology .....	197
8.3 Technology Including Natural Sciences as Governed by Capitalism .....	198
8.4 The Interdependency of Discoveries and Inventions.....	201
8.5 The Ontology of 'techny': From Organic to Mechanic and Inorganic .....	203
8.6 The Social Significance of Production Becoming Non-Organic .....	204
8.7 How High Capitalism Directs Technical Change .....	206
<b>9 Assessing (Induced) Technology .....</b>	<b>209</b>
9.1 How Induced Technology Affects the Quantity and Quality of Life .....	210
9.2 Working Conditions and Technological Unemployment .....	215
9.3 The "Supreme Culture-Council" (SCC) to Control Technology .....	217
9.4 Return to Organic 'Technics' in German Socialism .....	224
9.5 The Impossibility to Tame the Nazi's Passion for Technology .....	229
9.6 'Un-Inducing' Technology.....	231
9.7 The Strengths and Limits of Sombart's Technology Evaluation .....	237

<b>10 Understanding Sombart's Method of <i>Verstehen</i>.....</b>	<b>241</b>
10.1 Could Sombart Settle the Quarrel on Methods?.....	241
10.2 How and what can we understand?.....	245
10.3 Can we understand an enterprise better than a tree?.....	251
10.3.1 Why Sombart <i>understands</i> early 'technics' but not technology -----	253
10.3.2 Understanding Engineers and Entrepreneurs -----	254
10.3.3 National Economy and the Peculiarities of the German Nation -----	256
10.4 Is Ordering Knowledge a Precondition for an Understanding Social Science? .....	260
10.5 Innovation as sorcerer's apprentice of capitalism that only God can halt.....	262
10.6 Materialism and Nominalism as Obstacles to Understanding .....	264
10.7 Technological economics implies understanding both nature and society.....	268
10.8 Economics is Theoretical When it is Practical .....	273
10.9 Understanding the economy and ordering it imply each other .....	277
Résumée .....	283
<b>11 Bibliography on Sombart and the History of the Economics of Technical Change .....</b>	<b>287</b>
11.1 General Abbreviations .....	287
11.2 List of Periodicals and their Abbreviations .....	288
11.3 List of Publications except W. Sombart.....	294
11.4 Publications by Werner Sombart.....	356
<b>Appendices.....</b>	<b>365</b>
JEL-Codes and Keywords: .....	365
Summary .....	366
Deutsche Zusammenfassung: .....	368
Title and Abstract in Dutch .....	369
Short c.v. of Johannes Hanel .....	370
