

Table of contents

Summary	1
Zusammenfassung	3
General introduction	7
Chapter 1: Temporal scales of water level fluctuations in lakes and their ecological implications	17
Introduction	18
Materials and methods	19
Results	20
Discussion	25
Conclusions	32
Chapter 2: The relative importance of wind and ship waves in the littoral zone of a large lake	35
Introduction	36
Materials and methods	37
Results and discussion	43
Chapter 3: Wave-induced resuspension in the littoral zone of a large lake	57
Introduction	58
Materials and methods	59
Results	66
Discussion	73
Conclusions	75

Chapter 4: Wave-induced variability of the underwater light climate in the littoral zone	77
Introduction	77
Materials and methods	78
Results and discussion	80
Conclusions	86
Chapter 5: Wave field characteristics and currents in a wave mesocosm	87
Introduction	87
Materials and methods	88
Results	93
Discussion	96
General discussion and perspectives	99
References	107
Acknowledgments	121
Curriculum vitae	123
List of publications	125
Conference and workshop presentations	127
