Contents.....	i
Acknowledgement .....	iii
Abbreviations .....	iv
List of Tables.....	v
List of Figures .....	vii

## **1 Introduction**

1.1	Tropical forests decline .....	1
1.2	Global activities to conserve forest biodiversity in the tropics.....	1
1.3	The situation of Myanmar Forests	
1.3.1	Biodiversity .....	3
1.3.2	Logging .....	5
1.3.3	Illicit felling.....	6
1.3.4	Clear cuts and plantations .....	7
1.3.5	Shifting cultivation.....	8
1.3.6	Grazing.....	9
1.4	Problem statement, objectives and content of the study.....	9

## **2 The Forests of Myanmar**

2.1	Natural conditions .....	13
2.2	Forest resources.....	13
2.3	Forest biodiversity	
2.3.1	Biodiversity conservation in Myanmar .....	16
2.3.2	Measures for restoring the environment.....	17
2.4	People and land use.....	19
2.5	History of forest management in Myanmar.....	21
2.6	The current forest management systems .....	21
2.6.1	Natural forest management .....	22
2.6.2	Management of plantation forestry	
2.6.2.1	Development and importance of plantations .....	23
2.6.2.2	Plantations by Taungya system.....	24
2.6.2.3	Special teak plantation programme.....	25
2.6.2.4	Plantations of dry zone greening .....	26

## **3 Materials and Methods**

3.1	The study areas	
3.1.1	The University Training Forest.....	27
3.1.2	Alaungdaw Kathapa National Park .....	31

3.2	Identification and selection of different forest areas with the aid of Remote Sensing	
3.2.1	Goal .....	35
3.2.2	Remote Sensing.....	35
3.3	Vegetation surveys and analysis	
3.3.1	Phytosociological surveys.....	36
3.3.2	Detailed plot inventories .....	39
3.3.3	Phytosociological data processing and analysis.....	41
3.3.4	Detailed plot data processing and analysis .....	42
<b>4</b>	<b>Results</b>	
4.1	Preliminary remarks.....	55
4.2	The natural state of the forest in the Alaungdaw Kathapa National Park .....	56
4.2.1	Low Dipterocarp Forest (LI) .....	56
4.2.2	High Dipterocarp Forest (HI).....	57
4.2.3	Moist Upper Mixed Deciduous Forest (MUMD) .....	57
4.2.4	Dry Upper Mixed Deciduous Forest (DUMD) .....	58
4.2.5	Wood supply and natural regeneration.....	58
4.3	Vegetation changes caused by human impact.....	65
4.3.1	Land use practices in the University Training Forest .....	66
4.3.2	Trees, crown cover and layers.....	66
4.3.3	Tree species composition and diversity .....	69
4.3.4	Ground vegetation.....	76
4.3.5	Life form types .....	76
4.3.6	Natural regeneration.....	80
4.3.7	Wood supply .....	85
<b>5</b>	<b>Conclusion and Recommendations</b> .....	101
<b>6</b>	<b>Summary</b> .....	106
	<b>References</b> .....	110
	<b>Appendices</b> .....	116
	<b>Index</b> .....	154
	<b>Curriculum Vitae</b>
