Table of contents

Acknowledgements	ii
Table of contents	iv
List of tables	viii
List of figures	xi
List of abbreviations.....	xii
1 Introduction.....	1
1.1 Background and research objective.....	1
1.2 Design of the study	4
1.3 Structure of the thesis	6
2 Evaluation of smallholder pig production systems in North Vietnam. 1. Pig production management and pig performances.....	8
2.1 Abstract.....	9
2.2 Introduction	9
2.3 Material and methods	10
2.3.1 Villages, households, animals	10
2.3.2 Methods.....	11
2.4 Results and discussion.....	14
2.4.1 Socio-economic characteristics of investigated households	14
2.4.2 Pig production management.....	16
2.4.3 Pig performances.....	23
2.4.4 Methodological restrictions of performance data collection.....	29
2.5 Conclusions	30
2.6 Acknowledgements	30
2.7 References	31
3 Evaluation of smallholder pig production systems in North Vietnam. 2. Assessment of input, output, economic and biological efficiency	34
3.1 Abstract.....	35
3.2 Introduction	35
3.3 Material and methods	36
3.3.1 Study area, households, animals	36

3.3.2	Methods.....	37
3.4	Results and discussion.....	39
3.4.1	Socio-economic characteristics of investigated farm households.....	40
3.4.2	Pig production management.....	40
3.4.3	Inputs into pig production: variable cash costs.....	42
3.4.4	Offtake from pig production.....	47
3.4.5	Feed use efficiency.....	48
3.4.6	Economic benefit and efficiency.....	51
3.4.7	Methodological restrictions.....	56
3.5	Conclusions.....	57
3.6	Acknowledgements.....	57
3.7	References.....	57
4	Pig production systems as part of smallholder livestock production systems in mountainous areas of North Vietnam – competition for household resources.....	61
4.1	Abstract.....	62
4.2	Introduction.....	62
4.3	Material and methods.....	63
4.3.1	Material.....	63
4.3.2	Methods.....	64
4.4	Results.....	67
4.4.1	The small-scale agricultural production system.....	67
4.4.2	Socio-economic conditions of farm households.....	68
4.4.3	Smallholder livestock keeping.....	69
4.4.4	Input into livestock: feed resources.....	75
4.4.5	Input into livestock: monetary resources.....	81
4.4.6	Output from livestock.....	83
4.4.7	Comparative evaluation of different livestock production enterprises.....	88
4.5	Discussion.....	90
4.5.1	Complementarities and conflicts between species in an integrated system.....	90
4.5.2	Discussion of the methodological approach.....	93
4.6	Conclusions.....	95

4.7	Acknowledgements	96
4.8	References	96
5	Dynamics and developmental trends of smallholder pig production systems in North Vietnam	99
5.1	Abstract.....	100
5.2	Introduction	100
5.3	Material and methods	102
5.4	Results	105
5.4.1	Socio-economic characteristics of investigated pig keepers	105
5.4.2	Current pig production management.....	106
5.4.3	Development of smallholder pig production until today	107
5.4.4	Future developments of smallholder pig production.....	110
5.5	Discussion.....	116
5.5.1	Development in pig production in the last decades: historic analysis.....	116
5.5.2	Future developments in smallholder pig production: simulation analysis.....	117
5.5.3	Methodological restrictions.....	121
5.6	Acknowledgements	123
5.7	References	123
6	General discussion	127
6.1	Smallholder pig keeping.....	127
6.2	Differentiation between villages: the concept of remoteness	129
6.3	Performances of different pig breeds in different production systems.....	130
6.4	Differentiation of households according to production strategies.....	132
6.5	Dynamics of household differentiation	133
6.6	Competition and complementarities between pigs and other species	134
6.7	Future development trends of smallholder pig production systems	135
6.8	Potentials and limitations of the methodological approach.....	137
6.9	General conclusions.....	143
7	Complete reference list	145
8	Summary	155
9	Zusammenfassung	160

10 Tóm tắt..... 166
