

CONTENTS

INTRODUCTION	7
1. LOCALLY DEFINITIZABLE SELFADJOINT RELATIONS AND LOCALLY DEFINITIZABLE FUNCTIONS	13
1.1. Spectral Points of Positive and Negative Type	13
1.2. Spectral Points of Definite Type of Selfadjoint Relations	15
1.3. Locally Definitizable Selfadjoint Relations	17
1.4. Matrix-valued Locally Definitizable Functions	20
2. PERTURBATIONS OF LOCALLY DEFINITIZABLE SELFADJOINT RELA- TIONS IN KREIN SPACES	25
2.1. Compact Perturbations	25
2.2. Finite Dimensional Perturbations	38
3. SOME CLASSES OF BOUNDARY VALUE PROBLEMS WITH SPECTRAL PARAMETER IN THE BOUNDARY CONDITION	49
3.1. Boundary Value Spaces and Weyl Functions Associated with a Symmetric Relation in a Krein Space	49
3.2. Boundary Value Spaces and Weyl Functions for Direct Products of Symmetric Relations	53
3.3. Matrix-valued Locally Definitizable Functions as Weyl Functions of Symmetric Relations	60
3.4. Boundary Value Problems with Locally Definitizable Functions in the Boundary Condition	69
3.5. Boundary Value Problems with Local Generalized Nevanlinna Functions in the Boundary Condition	87
LIST OF SYMBOLS	91
