Contents

Chapter 1: Introduction	1
1.1 Definition of relevant terms: e-Commerce vs. e-Business	1
1.2 Objectives of the thesis and research questions to be answered	2
1.3 Approach and structure of the thesis	6
Chapter 2: Overview of success factor analysis research	9
2.1 General overview of success factor analysis in management research	9
2.2 Success factor analysis in e-Business research	15
Chapter 3: Design of the survey instrument	21
3.1 Definition of the research model.....	21
3.2 Operationalization of variables included in the research model	26
3.2.1 Independent variables: High-level e-Business concepts	26
3.2.1.1 Technical infrastructure.....	27
3.2.1.2 Employee portal and knowledge management	29
3.2.1.3 Employee selection and development	30
3.2.1.4 Customer integration/ Mass customization	32
3.2.1.5 e-Procurement	35
3.2.1.6 Supply chain management	37
3.2.1.7 e-Commerce.....	38
3.2.1.8 Customer relationship management	41
3.2.2 Dependent variable: Success of e-Business activities	43
3.2.3 Potentially moderating variables: Company characteristics	47
3.2.3.1 Basic company information	49
3.2.3.2 Strategic orientation	51
3.2.3.3 Characteristics of e-Business activities	54
Chapter 4: Selection of an appropriate methodology for data collection and analysis	57

4.1 Methodology for data collection: Mail survey.....	57
4.2 Methodology for data analysis: Structural equation modeling/ PLS analysis	60
Chapter 5: Analysis of responses received and data treatment.....	77
5.1 Calculation of response rate and analysis of response bias	77
5.2 Imputation of missing values	83
Chapter 6: Estimation of the research model/ answering of research questions	89
6.1 Validation of indicators used for construct measurement	89
6.2 Determination of an appropriate significance criterion for statistical testing.....	99
6.3 Analysis of influence of high-level e-Business concepts on e-Business success	102
6.4 Analysis of potential interaction effects between high-level e-Business concepts.....	105
Chapter 7: Interpretation of results and limitations of analysis.....	111
7.1 Interpretation of results.....	111
7.1.1 Influence of e-Business concepts on success.....	111
7.1.2 Operationalization of e-Business concepts	113
7.2 Limitations of the analysis and areas of further research	117
7.2.1 Limitations of the analysis.....	117
7.2.2 Areas of further research	119
Chapter 8: Summary.....	121
Appendix A: Survey instrument (translated version).....	123
Appendix B: Survey instrument (original version).....	137
Appendix C: Indicator weights and loadings.....	151
References.....	155
