Table of Contents

Acknowledgement	VI
Table of contents	VII
Acronyms	XII
List of tables.....	XIV
List of annex tables	XVI
List of figures.....	XVII
1 Problemstatement	1
1.1 Introduction.....	1
1.2 Problem statement.....	3
1.2.1 Lack of studies on developing countries.....	3
1.2.2 Lack of studies on SMEs	4
1.3 Research questions and objectives.....	6
1.4 Study outline	7
2 The role of ICTs in developing countries and their small and medium size enterprises.....	9
2.1 Introduction.....	9
2.2 Defining ICTs	9
2.2.1 Application areas of ICTs	11
2.2.2 Properties of ICTs	11
2.3 The role of ICTs for the development of developing countries and their SMEs	13
2.3.1 Scarcity and costliness of information in developing countries	13
2.3.2 Consequences of information scarcity in developing countries	13
2.3.3 Role of ICTs in alleviating informational constraints in developing countries.....	15
2.4 SMEs	16
2.4.1 Definition of SMEs	16
2.4.2 Role of SMEs in the national economy	18
2.4.3 Characteristics of SMEs	20
2.4.4 Information processing practices of SMEs	21
2.4.5 Role of technology in SMEs	23
2.4.6 State of SME development in Uzbekistan.....	24
2.4.6.1 Emergence of SMEs and stages of their development	24
2.4.6.2 Current situation.....	26
2.4.6.3 Constraints faced by SMEs in Uzbekistan	30

2.5	Conclusions.....	37
3	State of ICTs development in Central Asian countries of Kazakhstan, Kyrgyzstan and Uzbekistan	39
3.1	Introduction.....	39
3.2	Economic Overview of the Central Asian Region	39
3.2.1	Uzbekistan.....	40
3.2.2	Kyrgyzstan.....	41
3.2.3	Kazakhstan	42
3.3	ICT infrastructure.....	44
3.3.1	Fixed telephony	44
3.3.1.1	Privatization	49
3.3.1.2	Investments	51
3.3.2	Mobile telephony.....	53
3.3.3	Computer Hard- and Software	54
3.3.4	Internet	57
3.3.4.1	ISP market	60
3.3.4.2	Internet Affordability	61
3.3.4.3	Access Speed and Quality	62
3.3.4.4	Locally relevant web content.....	63
3.3.4.5	Areas for future improvement	64
3.4	Legal and regulatory conditions in ICT segments	64
3.4.1	Past developments.....	65
3.4.2	Present situation.....	66
3.4.3	Future prospects	67
3.4.3.1	Liberalization and encouraging competition.....	67
3.4.3.2	Filling the legislative gaps and improving regulation.....	68
3.4.3.3	Creation of favorable trade and investment environment.....	69
3.4.3.4	Targeted government actions in ICT education and rural access.....	70
3.5	Conclusions.....	71
4	Determinants of the likelihood and intensity of ICT adoption in SMEs in Uzbekistan.....	73
4.1	Introduction.....	73
4.2	Theory of diffusion of innovations	74
4.2.1	Roots of the diffusion theory.....	74
4.2.2	Stages of adoption.....	74
4.2.3	Innovation and its characteristics	76
4.2.4	Adopter categories	77
4.2.5	Communication channels and sources	78
4.2.6	Timing of adoption	79
4.3	Modeling ICT adoption by developing country SMEs	80
4.3.1	Measuring ICT adoption.....	80

4.3.2	Influence of owner/manager characteristics.....	81
4.3.3	Influence of firm characteristics	83
4.3.4	Influence of industry/sector characteristics	86
4.3.5	Influence of ICT characteristics	90
4.3.6	Influence of external environmental characteristics	90
4.4	Hypotheses and measurement of the variables	92
4.4.1	Owner/manager characteristics.....	94
4.4.1.1	ICT adoption and manager's innovativeness.....	94
4.4.1.2	ICT adoption and manager's education.....	95
4.4.1.3	ICT adoption and manager's IT awareness and skills	95
4.4.1.4	ICT adoption and manager's age	95
4.4.2	Firm characteristics	96
4.4.2.1	ICT adoption and firm size.....	96
4.4.2.2	ICT adoption and qualification of the firm's employees	96
4.4.2.3	ICT adoption and internationality of firm's operations.....	96
4.4.3	Industry/sector characteristics.....	96
4.4.3.1	ICT adoption and industry's information intensiveness	96
4.4.3.2	ICT adoption and degree of technology diffusion in the industry.....	97
4.4.3.3	ICT adoption and type of industry participants	97
4.4.3.4	ICT adoption and type of sector.....	98
4.4.4	ICT characteristics	98
4.4.4.1	ICT adoption and characteristics of technology.....	98
4.4.5	External environmental characteristics	98
4.4.5.1	ICT adoption and external support.....	98
4.5	Methods of analysis	99
4.5.1	Analysis of the likelihood of ICT adoption.....	99
4.5.2	Analysis of the intensity of ICT adoption.....	100
4.6	Survey design and execution.....	101
4.6.1	Pretest.....	101
4.6.2	Description of the data	103
4.7	Patterns of ICTs Adoption: Evidence from Descriptive Statistics.....	106
4.7.1	Fixed telephones.....	106
4.7.2	Fax.....	108
4.7.3	Mobile phone	110
4.7.4	Computer.....	112
4.7.5	Internet	115
4.8	Empirical estimation of the ICT adoption: The Cross-Sectional Approach	118
4.8.1	Estimation of the likelihood of ICT Adoption.....	118
4.8.1.1	Goodness of fit and prediction accuracy.....	120
4.8.1.2	Discussion of parameters and verification of hypotheses	120
4.8.2	Estimation of the intensity of ICT Adoption.....	129
4.8.2.1	Goodness of fit and prediction accuracy.....	130

4.8.2.2	Discussion of parameters and verification of hypotheses	131
4.9	Conclusions and implications.....	133
5	Impacts of ICTs in SMEs in Uzbekistan	137
5.1	Introduction.....	137
5.2	Problem statement.....	138
5.3	Conceptual framework for measuring ICT impacts in developing country SMEs	140
5.3.1	Relationship between ICT and firm strategy.....	140
5.3.1.1	ICT and differentiation strategy.....	140
5.3.1.2	ICT and cost leadership strategy.....	147
5.3.2	Relationship between ICT and organizational structure.....	149
5.3.3	Relationship between ICT and management systems	150
5.3.4	Relationship between ICT and human resources.....	150
5.3.5	Conditions for occurrence of ICT impacts.....	152
5.3.5.1	Need for the time lag.....	152
5.3.5.2	Need for maturity of external factors	153
5.3.5.3	Threshold scale effect	154
5.3.5.4	Idiosyncratic factors	155
5.3.5.5	Need for organizational changes.....	155
5.3.5.6	Need for effective management of IT	157
5.4	Hypotheses and measurement of variables.....	158
5.4.1	Hypotheses relating to the type of ICT impacts.....	158
5.4.1.1	Geographic diversification	158
5.4.1.2	Business networking	158
5.4.1.3	Product/Service quality and variety.....	159
5.4.1.4	Informational impacts	159
5.4.1.5	Organizational efficiency and employee productivity.....	159
5.4.1.6	Employment.....	159
5.4.2	Hypotheses relating to the extent of ICT impacts	160
5.5	Methods of analysis	161
5.5.1	Analysis of the types of ICT impacts.....	161
5.5.2	Analysis of the factors affecting the extent of ICT impacts	163
5.6	Patterns of ICT use.....	164
5.7	Univariate analysis of the ICT impacts	166
5.7.1	Diversification impacts	168
5.7.2	Networking impacts.....	169
5.7.3	Product/Service quality impact.....	171
5.7.4	Informational impacts.....	172
5.7.5	Impacts on organizational efficiency and employee productivity	173
5.7.6	Employment impacts	175
5.8	Empirical estimation of the extent of ICT impacts: The Cross-Sectional Approach.....	176
5.8.1	Extent of diversification impacts.....	177

5.8.2	Extent of networking impacts	179
5.8.3	Extent of product/service quality improvements	181
5.8.4	Extent of informational impacts	182
5.8.5	Extent of organizational efficiency and employee productivity impacts	185
5.8.6	Extent of employment impacts	186
5.9	Conclusions and implications.....	186
6	Summary and concluding remarks	191
6.1	Summary of the study.....	191
6.2	Limitations of the study.....	196
6.3	Policy implications of the study	197
	Bibliography	199
	Annex.....	212
	Annex 1: Selected descriptive statistics for continuous and dummy explanatory variables	212
	Annex 2: Results of the Chi-Square-Test of the strength of association between manager's age groups and adoption of different ICTs.....	218
	Annex 3: Results of the binomial logit regression estimations of adoption of different ICTs	223
