## ACKNOWLEDGMENTS

<b>1. INTRODUCTION</b>	<b>1</b>
<b>2. BACKGROUND AND OBJECTIVES</b>	<b>4</b>
<b>3. STUDY AREA</b>	<b>8</b>
3.1. The Segara-Anakan Cilacap management areas	8
3.1.1. Mangrove and its fauna	9
3.1.2. Environmental quality	10
3.1.3. The east swamp-managed area	10
3.2. The study plot	13
<b>4. METHODS</b>	<b>18</b>
4.1. Sampling methods	18
4.2. Percent mangrove canopy cover	19
4.3. Sediment texture	19
4.4. Water quality	20
4.5. Intertidal crab identification and verification	21
4.6. Calculated parameters	21
<b>5. RESULTS</b>	<b>26</b>
5.1. Percent mangrove canopy cover	26
5.2. Sediment texture	29
5.3. Water quality	31
5.4. The sampled intertidal crab community	34
5.4.1. Abundance	34
5.4.2. Species richness and diversity	36
5.4.3. Habitat specificity and geographic distribution	47
5.4.4. Seasonality	53
5.5. Environmental variables	54

<b>6. DISCUSSION</b>	<b>58</b>
6.1. Composition of Segara-Anakan Cilacap's crab fauna	58
6.2. Pattern of intertidal crab abundance	62
6.2.1. Findings in different mangrove habitats	62
6.2.2. Findings in different seasons	65
6.3. Patterns of intertidal crab diversity	65
6.3.1. Findings in different mangrove habitats	66
6.3.2. Findings in different seasons	68
6.4. Impact of forest management	69
6.4.1. Environmental variables	69
6.4.1.1. Percent mangrove canopy cover	69
6.4.1.2. Sediment texture	72
6.4.1.3. Water quality	74
6.4.2. Climatic conditions	75
6.4.3. Rare species	75
6.5. Implication for forest management	76
<b>7. SUMMARY</b>	<b>80</b>
<b>8. REFFERENCES</b>	<b>83</b>

## APPENDICES

<b>Appendix 1</b>	Intertidal crab captured in the undisturbed area along the research from October 2000 to January 2002
<b>Appendix 2</b>	Intertidal crab captured in the crab hunting area along the research from October 2000 to January 2002
<b>Appendix 3</b>	Intertidal crab captured in the logging area along the research from October 2000 to January 2002
<b>Appendix 4</b>	Intertidal crab captured in the prawn pond area along the research from October 2000 to January 2002
<b>Appendix 5</b>	Intertidal crab captured in the undisturbed area during dry (July 2001 and September 2001) and wet (November 2001 and January 2002) seasons
<b>Appendix 6</b>	Intertidal crab captured in the crab hunting area during dry (July 2001 and September 2001) and wet (November 2001 and January 2002) seasons
<b>Appendix 7</b>	Intertidal crab captured in the logging area during dry (July 2001 and September 2001) and wet (November 2001 and January 2002) seasons
<b>Appendix 8</b>	Intertidal crab captured in the prawn pond area during dry (July 2001 and September 2001) and wet (November 2001 and January 2002) seasons
<b>Appendix 9</b>	Spearman's rank correlations between all species and environmental variables

**Appendix 10** Photo of each habitat

**Appendix 11** Photo of *Neosermatium* sp.
