CONTENTS

ACKNOWLEDGEMENT.....	III
ABSTRACT.....	V
CONTENTS.....	VII
LIST OF TABLES.....	X
LIST OF FIGURES.....	XIII
ABBREVIATIONS.....	XIV
1. Introduction.....	1
1.1 Problem statement.....	1
1.2 Research objectives.....	4
1.3 Research hypotheses.....	5
1.4 Organization of the thesis.....	5
2. China's Livestock Sector, Protein Sources for Feeding Farm Animals and Policy Environment.....	8
2.1 China's production, consumption and trade of livestock products.....	8
2.1.1 Production of livestock products.....	8
2.1.2 Consumption of livestock products.....	11
2.1.3 Trade of livestock products.....	15
2.2 Protein sources for animal feed.....	18
2.2.1 Protein sources for China's livestock industry.....	18
2.2.2 Feed market developments following the BSE crisis.....	26
2.3 Structure changes in China's livestock production.....	34
2.4 Agricultural policy changes affecting livestock industry, oilseed industry and national food security.....	37
2.4.1 Livestock industry development policy.....	37
2.4.2 Policy changes affecting the trade of oilseeds and their products.....	39
2.4.3 Effects of regulations of Genetically Modified Organisms on the trade of oilseeds and oilseed meals.....	43
2.4.4 Impact of food security policies on meat, feed grain, and oilseed trade.....	45

3. State of Research	47
3.1 Studies focusing on China’s demand for protein sources.....	47
3.2 Studies on China’s soybean demand and trade.....	48
3.3 Studies focusing on the ROW available protein sources for feeding farm animals.....	50
3.4 ROW studies on oilseeds and their products.....	52
4. Methodology and Conceptual Framework	56
4.1 Commodities in the model.....	56
4.2 Conceptual framework.....	57
4.2.1 Basic framework of the model.....	57
4.2.2 Two-country partial equilibrium trade model of soybeans.....	58
4.2.3 Joint demand and supply dynamics between soybeans and soybean meal.....	60
4.2.4 Conceptual framework of China’s soybean imports.....	63
4.3 Model development.....	66
4.4 System equations.....	71
4.4.1 China’s soybean sector.....	71
4.4.2 ROW soybean sector.....	76
4.4.3 China’s rapeseed sector.....	79
4.4.4 ROW rapeseed sector.....	82
4.4.5 China’s peanut sector.....	84
4.4.6 China’s soybean meal sector.....	85
4.4.7 ROW soybean meal sector.....	86
4.4.8 China’s rapeseed meal sector.....	87
4.4.9 ROW rapeseed meal sector.....	87
4.4.10 China’s fish meal sector.....	88
4.4.11 ROW fish meal sector.....	90
5. Empirical Estimation	94
5.1 Data sources and methodology.....	94
5.2 Estimation of the parameters of the system equations.....	96
5.2.1 China’s soybean sector.....	96
5.2.2 ROW soybean sector.....	100

5.2.3	China's rapeseed sector.....	102
5.2.4	ROW rapeseed sector.....	104
5.2.5	China's peanut sector.....	106
5.2.6	China's soybean meal sector.....	107
5.2.7	ROW soybean meal sector.....	108
5.2.8	China's rapeseed meal sector.....	109
5.2.9	ROW rapeseed meal sector.....	109
5.2.10	China's fish meal sector.....	110
5.2.11	ROW fish meal sector.....	111
5.3	Summary of Estimate Results.....	112
5.3.1	Estimated elasticities for China.....	112
5.3.2	Estimated elasticities for the ROW.....	115
6.	Derived Protein Meal Demand and its Implications for International Agricultural Trade.....	117
6.1	Approaches for forecasting derived protein meal demand.....	117
6.2	Income elasticities of demand for livestock products.....	121
6.3	Forecasting per capita demand for livestock products.....	125
6.4	Forecasting total consumption of livestock products by demand approach.....	128
6.5	Derived protein meal demand for China's pig and poultry sector.....	133
6.6	China's domestic production of protein meals.....	143
6.6.1	China's production, consumption and trade of oilseeds, oilseed meals, fish meal and MBM.....	143
6.6.2	Projection of major supply of protein meal from domestic sources.....	148
6.7	China's protein meal balance sheets and their trade implications.....	149
7.	Summary and Conclusions.....	152
7.1	Study overview.....	152
7.2	Summary of hypotheses examined.....	154
7.3	Main findings and general conclusion.....	155
7.4	Policy recommendations.....	156
	References.....	163
