Content

I Waste Management Strategies, Concepts and the future role of MBT

Risk and chances for PPP in waste management 1
F. Kölsch

Discussion of applicability of advanced solid waste management technologies and strategies in developing and emerging countries 9
W. Pfaff-Simoneit

Effects of Application Appropriate Scenarios on Waste Treatment on Municipal Solid Waste Heating Value 26
I.-S. Antonopoulos, A. Karagiannidis

Sustainable strategies and technologies – the challenge of municipal solid waste (MSW) management in Poland 39
M. Rybaczewska-Błażejowska

EU 2020 targets for household waste: SC, SRF and BMT roles 50
E. C. Rada, M. Ragazzi

Revision of Waste Treatment Industries BREF Document – What are the implications for MBT Operators? 58
M. Kuehle-Weidemeier

RDF Production in Hotel Areas in the Caribbean Region 68
C. Garrido

II Waste Management Concepts and International Application of MBT (1)

Experimental Case Study of Bio-drying Mechanical-Biological Treatment in Korea 77
Jae-Ram Park, Ui-Ho Cho, Bo-Ram Kim, Yeo-Gyeong Kim, Je-Hyun Nah, Sung-Jin Bae, Geon-Mook Leem, Dong-Hoon Lee

National Waste Policy: Promotion of Market for Secondary Resources in Brazil 90
C. Pereira, K. Fricke, B. Schulte, L. Theotonio

Municipal Waste; Management, Treatment and Disposal Facilities in Greece: Presentation of Current Situation and Perspectives in the Middle of the Ongoing Financial Crisis 105
G. Perkoulidis A. Karagiannidis, I.-S. Antonopoulos

III Up to date technology presented by suppliers (1)

Successful Refurbishment of the Biomethanization Lines at the MBT Burgos and at the Ecoparc I in Barcelona. 116
S. Schulte, R. Nimmrichter; P. Bozano**; M. Ojeda*

Žilina RDF Production Plant, Slovakia 124
M. Wellacher

IV Further development and capability of mechanical biological waste treatment (MBT)

Further development and capability of mechanical biological waste treatment (MBT) 435
M. Balhar

From MBT prior to landfill to material-specific treatment and utilisation of waste – synergies of separate treatment of organic and residual waste to increase efficiency 129
A. Warnstedt, G. Müller

Treatment of organic waste as an option for MBT plants 147
G. Becker

V Optimisation of Mechanical Biological Treatment

MBT's Contribution to Climate Protection and Resource Conservation 151
K. Ketelsen

VI Mechanical treatment and sorting

SolidWasteSim – Simulation of solid waste treatment 175
B. Zwisele, C. Böhm

Sampling of High-Calorific Fractions 188
A. K. Steinhoff

Four years of experiences with the RDF power plant in Witzenhausen 196
K. Wengenroth

Characterisation of waste materials for optimising aerodynamic separation steps 207
B. Krüger, A. Mrotzek, S. Wirtz

Automatic separation of contraries from organic wastes 219
W. Müller, A. Bockreis

Dieses Werk ist copyrightgeschützt und darf in keiner Form vervielfältigt werden noch an Dritte weitergegeben werden.
Es gilt nur für den persönlichen Gebrauch.

VII Up to date technology presented by suppliers (2)

Using laser-supported measuring technology to classify and sort mixed NF fractions at waste treatment facilities 231
A. Feierabend

Maximum Recovery of Recyclable Materials from Municipal Solid Waste thanks to State-of-the-Art Automated Separation Technology 240
F. Hottenstein

Preparation of biological waste and municipal solid waste using the VMpress 246
K. Dirkes

Dynamisation of the classic composting tunnel by combination with an automatic turning system 252
I. Steinberg, K. Runge, B. Pickert

The application of TAIMWESER ROTOPALA system used for the biological treatment of 375.000 t/a MSW at MBT Plant Basildon/Essex, UK 260
D. Polster, M. Herken, C. Kretsch

Role of MBT- MRF in achieving high recycling targets 274
S. Scotti

VIII Emissions and environmental impact

Dust and Bioaerosols at Mechanical Biological Treatment (MBT) Facilities 283
T. L. Gladding, A. E. Simpson

Carbon sink MBT landfill – Interpretation of long term incubation tests (GS21) 293
E. Binner, P. Lechner, M. Huber-Humer

IX Application, further development and optimisation of MBT

Increasing the economical feasibility of AMB Ecoparcs 303
J. C. Fernández

Evaluation and optimisation of static composting reactors 315
K. Weichelt, J. Brummack

MBT – best technology for treatment of moist MSW AD and/or Biodrying prior to energy recovery 328
K. Kanning, K. Ketelsen

Dieses Werk ist copyrightgeschützt und darf in keiner Form vervielfältigt werden noch an Dritte weitergegeben werden.

X Operational experience

Operation of a Waste Management Center in United Arab Emirates - Experiences 343
R. Göschl

Present Status and Appropriate Process of Material Recovery Facility in South Korea 355
H. H. Kim

XI Waste Management Concepts and International Application of MBT (2)

MBT solutions for Romanian MSW management: practical perspectives 365
G. Ionescu, E. C. Rada, M. Ragazzi, S. Ciuta

North American Perspective on Integrated Solid Waste Management 375
H. W. Gershman, E. A. Rice

The experience of a mbt/mrf strategy to manage household waste in the Province of Luxembourg (Belgium – Walloon Region) 389
J. Counet

Center for Research, Education and Demonstration (CREED) in waste management - activities in Brazil: MBT from planning to financing. 403
K. Fricke, B. Schulte, C. Pereira

Towards addressing landfill diversion targets in Northern Ireland 414
S. Barnes, B. King, K. Adu-Gyamfi, D. Hall, T. Fill

XII Poster

Biogas and Compost Potentials from Animal Manures in Turkey 424
R. Kulcu

Environmentally Friendly Exploitation of Organic Wastes and Development of Biogas Technologies in Turkey 425
N. Azbar, D. Karaalp, G. Caliskan

Use of Membrane Supported Bioreactor Configuration for Anaerobic Digestion of Chicken Manure 426
D. Karaalp, N. Doruk, N. Aazbar, N. Dizge, B. Keskinler

Current situation of treatment of municipal waste in selected countries in the Arab region and possible solutions 427
A. Elnaas, A. Nassour, M. Nelles
