TABLE OF CONTENTS

ACKNOWLEDGEMENTS.....	VII
ABSTRACT.....	XI
TABLES	XIII
FIGURES	XIV
ABBREVIATIONS	XV
INTRODUCTION.....	1
Part I: THEORETICAL BACKGROUND	4
1 Nutrition Psychology	4
1.1 Nutrition Psychology as Part of Health Psychology.....	4
1.1.1 Research and Applied Fields of Nutrition Psychology	6
1.2 Eating Behavior.....	7
1.2.1 Definition and Description	7
1.2.2 Development of Eating Behavior over the Lifespan.....	8
1.2.3 Disordered Eating Behavior.....	10
1.2.3.1 Restrained Eating	11
1.2.3.2 Prodromal Eating Pathology and Risk Factors	12
1.2.4 Disordered Eating Behavior in Middle-Aged Women.....	14
1.2.4.1 Anorexia nervosa and Remission	16
1.3 Summary	17
2 Female Reproduction	18
2.1 Neuroendocrine Regulation of the Menstrual Cycle.....	18
2.2 Menopause.....	21
2.2.1 Definition.....	21
2.2.2 Menopausal Symptoms.....	23
2.2.3 Impact of Menopausal Transition on Body Weight and Body Composition.....	24
2.3 Summary	26
3 Control of Food Intake	27
3.1 Theories of Regulation.....	27
3.2 Neuroendocrine Control of Food Intake	28
3.2.1 Central Control of Food Intake.....	28
3.2.2 Peripheral Control of Food Intake.....	33
3.2.2.1 Gastrointestinal Hormones.....	33
3.2.2.2 Pancreatic Hormones	38
3.2.2.3 Hormone from Adipose Tissue	39
3.2.3 The Brain-Gut-Axis	41
3.2.4 Appetitive Brain Network.....	42
3.3 Modulation of Hormonal Food Intake Control by Estradiol.....	44
3.4 Summary	47
4 Summary of the Theoretical Background, Study Ideas and Hypotheses	48
Part II: EMPIRICAL STUDIES.....	50
5 EMPIRICAL STUDY I: Restrained Eating in Premenopausal and Postmenopausal Women.....	50
5.1 Introduction	50
5.2 Methods.....	53

5.2.1	Data Collection and Participants.....	53
5.2.2	Assessment Measures.....	55
5.2.3	Body Mass Index and Waist-to-Hip Ratio	55
5.2.4	Eating Behavior.....	55
5.2.5	Self-Esteem.....	56
5.2.6	Data Analysis	57
5.3	Results	58
5.3.1	Participants' Characteristics.....	58
5.3.2	Frequencies and Intensities of Disordered Eating Behavior	59
5.3.3	Correlations between Eating Behavior and Associated Variables	60
5.3.4	Group Differences	60
5.3.5	Associations between Menopause Status, Self-Esteem and Restrained Eating	61
5.4	Discussion	64
6	EMPIRICAL STUDY II: Menopausal Status and Prior History of Anorexia Nervosa Influence Ghrelin Response to Food Intake	68
6.1	Introduction	68
6.2	Methods.....	70
6.2.1	Subjects	70
6.2.2	Study Design	71
6.2.3	Assessment of Subjective Appetite.....	72
6.2.4	Blood Sampling and Hormone Detection.....	73
6.2.5	Saliva Sampling and Analysis of Estrogen	73
6.2.6	Statistics	74
6.2.7	Ethics.....	76
6.3	Results	76
6.3.1	Participant Characteristics	76
6.3.2	Postprandial Ghrelin Changes with a Focus on Menopausal Status and E2.....	77
6.3.3	Plasma Ghrelin with a Focus on Prior History of AN	79
6.3.4	Subjective Feelings of Hunger	79
6.4	Discussion	80
PART III: GENERAL DISCUSSION	83	
7	Summary of the Empirical Studies	83
7.1	Summary of Empirical Study I.....	83
7.2	Summary of Empirical Study II.....	84
7.3	Integration of Current Findings into the Theoretical Background	85
7.4	Limitations of the Empirical Study I.....	89
7.5	Limitations of the Empirical Study II.....	91
7.6	Implications and Direction for Future Studies	91
8	REFERENCES.....	93
