## **Table of contents**

<b>Summary</b>	7
<b>Chapter 1</b>	
<b>Introduction</b>	
Importance of water	12
Water balance	12
Factors influencing water intake	14
Measurements of water intake and water turnover	20
Isotope dilution technique	21
Drinking behaviour	25
Scope of the thesis	25
References	27
<b>Chapter 2</b>	
Deuterium oxide dilution accurately predicts water intake in sheep and goats	35
<b>Chapter 3</b>	
Effect of water restriction on drinking behaviour and water intake in German black head mutton sheep and Boer goats	57
<b>Chapter 4</b>	
Effect of shearing on water intake in German black head mutton sheep	89
<b>Chapter 5</b>	
General discussion	
Comparison between sheep and goats	124
Deuterium dilution technique and water turnover	128
Drinking behaviour	130
Infrared thermography	131
Conclusions	132
References	134
<b>Appendix</b>	139
