A SYSTEM-ORIENTED VIEW OF THE BUSINESS MODEL CONCEPT – A LITERATURE REVIEW **31**

1. Introduction **31**

1.1. Problem statement 31

1.2. Research objective 33

1.3. Methodology and mindset 34

1.4. Procedure 35

2. The literature review as a method **35**

2.1. Methodological introduction to the literature review 35

2.2. Characteristics and procedures of the literature review 37

3. Preliminary theoretical considerations **38**

3.1. Development and current relevance of business models 38

3.2. The business model from a semiotic viewpoint (nominal definition) 40

3.2.1. The term *business* 40

3.2.2. The term *model* 42

3.2.3. Implications for working with business models 44

3.3. Definitions of business models in science and practice (actual definition) 46

3.3.1. Definition of business models in science 46

3.3.2. Usage of the term in practice 50

3.4. Other relevant terminology 51

3.4.1. Innovation 51
3.4.2. Strategy 55
3.5. Parallels of the business model with other (theoretical) concepts 58
4. The business model from a systemic perspective 60
4.1. Function of a business model 61
4.1.1. Analysis and explanation of the business model 63
4.1.2. The business model for design, decision, and change 64
4.1.3. Business model for communication 65
4.2. Structure of the business model 66
4.2.1. Integrated strategy view (aggregation in a broader sense) 67
4.2.2. Action-oriented perspective (deconstruction in a more narrow sense) 69
4.3. Processes of the business model 71
4.3.1. Review process for an existing business model 74
4.3.2. Development process (business model innovation as a process) 77
4.3.3. Usage process 80
4.4. Governance of the business model 81
4.4.1. Control 82
4.4.2. Regulation 83
5. Conclusion and outlook (future research) 84
6. References 86
CONTRIBUTION OF SYSTEMS THINKING TO BUSINESS MODEL RESEARCH AND BUSINESS MODEL INNOVATION 93
1. Introduction 93
2. Systematic literature review approach 94
3. The promise of systems thinking 95
3.1. Overview of systems thinking and application fields in management 95
3.2. Review of the systems thinking literature to determine an applicable approach to business model innovation 96
4. Systemic view of business model innovation 100
4.1. Business model definition 100
4.2. A semiotic view on the terms model and innovation 101
4.3. Processes, directions, and types of business model innovations 103
5. Systems thinking in business model innovation 105

5.1. Arguments for applying systems thinking in business model innovation 105
5.2. Application of systems thinking to business model innovation 107
5.2.1. Function 109
5.2.2. Structure 109
5.2.3. Process 110
5.2.4. Governance 110
6. Contributions 111
7. References 113
CURRENT RESEARCH PRACTICE ON BUSINESS MODELS AND BUSINESS MODEL INNOVATION: A REVIEW OF AN EMERGING RESEARCH FIELD 119
1. Introduction 119
2. Current status of business model and business model innovation research 121
3. Design of the review and background 123
3.1. Design of the review 123
3.2. Background of major research terms used in the review 127
4. Review results 131
5. Discussion and implications 135
6. Conclusion 137
7. References 139
ACTION CASE STUDY – A RESEARCH STRATEGY BASED ON ABDUCTION FOR RELEVANT AND RIGOROUS MANAGEMENT RESEARCH 147
1. Introduction 147
2. Abduction and systematic combining 149
3. The action case study 151
4. Application of action case study based on abduction 154
5. Discussion and conclusion 156
6. References 158
USING ACTION CASE STUDY RESEARCH TO EXPLAIN BUSINESS MODEL INNOVATION – EXPERIENCE FROM PHARMACEUTICAL, DEFENSE, AND ENERGY INFRASTRUCTURE 163
1. Introduction 163
2. Theoretical considerations 165
3. Methodology and research design 168
4. Data collection and analysis in the procedure of abductive research 171
5. Findings 176

5.1. Main findings, pre-study 176
5.2. Main findings, main study 178
5.2.1. Phase 1 – Exploration 178
5.2.2. Phase 2 – Evaluation 181
5.2.3. Phase 3 – Action plan 185
6. Discussion and conclusion 189
7. References 193
SYNTHESIS 201
1. Main results, contributions, and conclusions 201
1.1. New perspective on BM and BMI 201
1.2. Novel and proven research strategy for innovation (management) research 203
1.3. New insights to promote better understanding of BMI 205
2. Implications 206
2.1. Theoretical implications 206
2.2. Practical implications 209
3. Critical reflection 210
4. Outlook and future research pathways 212
5. References 218
Appendix 223
I. Content structure of the attached data medium 223
II. List of publications 223
III. Review results of BM and BMI articles regarding methodology and research design 227
